

Project: With the use of primary sources, analyze and evaluate the changes which took place during the Industrial Revolution in England from roughly 1650-1850.

Each group will be assigned one of the following cities: London, Manchester, Nottingham, Birmingham, Leeds, Newcastle, Bradford, Sheffield, Liverpool.

Your group will be assessed on the following categories:

Economic
Transportation
Education
Housing and Public Health
Labor
Improvements/Parliamentary Legislation

3pts	2pts	1pt
2 primary sources are presented and accurately analyzed/evaluated.	2 or fewer sources are presented and analyzed/evaluated.	Sources are presented but poorly analyzed/evaluated.

*Credible sources are necessary for all 3pts.
